

SEND Group Placements in Construction

Our SEND School or College Group Placement programmes are aimed at young people aged 14-25 with additional learning needs. By delivering an integrated and learner led approach, our construction programmes deliver multifunctional activities that provides for additional needs. We offer opportunities outside the classroom that works on student's personal and social development. Our programme engages young people by using construction techniques that combines prolonged focus, personal interest, sense of achievement and self-confidence. This programme can deliver a Pearson BTEC Level 1 Qualification in Construction (QCF).

SEND Group Placement Description: Our sessions are delivered to develop each young person's knowledge and skill in several trades, which include plastering, brickwork, carpentry and joinery, painting and decorating, building maintenance, plumbing and health and safety and it could give young people the opportunity to showcase their work to potential employers, assisting them in their transition into employment. Our sessions are tailored to individual learning styles and are focused on developing individual skills. Preston Vocational Centre provides an additional wrap around package of cognitive behavioural support and pastoral care. Successful outcomes for young people include improved critical thinking skills and resilience. These are achieved whilst supporting positive choices of the young person and providing them with a healthy and stable framework of involvement and positive role models.

Beneficiaries: Open to groups of school-age students (14+) who would enjoy 'having a go' at construction within a practical workshop.

Start date: This is a rolling programme and groups can start anytime during the academic year.

Timetable: TBA with the groups school or college.

Venue: Preston Vocational Centre, St Paul's Road, Preston, Lancashire. PR1 1PX

Referrals. Referrals can be made anytime by contacting the student's school of college.
